

**Product Data Sheet**

Product Code: MIC

Issued: February 8, 2010

## What is Microsan?

MICROSAN is a thick anti-bacterial liquid hand soap that provides a rich foam and kills germs on the skin. It contains premium grade mild cleansers to float away dirt and grime.

## Environment

MICROSAN is biodegradable. The surfactants in the product are highly biodegradable.

MICROSAN conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. MICROSAN is non-flammable and phosphate free. MICROSAN containers will be cleaned and re-used if returned to Agar Cleaning Systems, significantly reducing plastic usage and waste. The containers can also be recycled.

## Main Benefits

- ✓ MICROSAN is more economical than bar and other liquid soaps because there is no waste, no pilferage and less chance of over-use with MICROSAN in the washroom soap dispensers
- ✓ MICROSAN is gentle enough to be used throughout the day
- ✓ MICROSAN leaves the hands soft and supple
- ✓ MICROSAN is anti-bacterial

## For use on...

MICROSAN is a gentle hand cleanser for use in offices, washrooms and factories where moderate to light soilage must be washed from the hands. MICROSAN readily produces a rich lather that floats away dirt and grime from the hands and leaves the skin soft and supple.

MICROSAN contains aloe vera, wheatgerm oil and glycerine to enrich and care for the skin.

## Technical Data

### Properties

COLOUR – Orange thick liquid

ODOUR – Floral perfume

pH = 6 ± 0.5

FOAM – High foam height

### Composition

MICROSAN is a gentle soap containing a blend of mild coconut oil derivatives conditioned with glycerine, aloe vera and wheatgerm oil and lightly perfumed with a floral fragrance.

Active ingredient: PCMX 0.3% (3000ppm)

### Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001:2000 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

## Application

- Wet hands and apply 1 – 2mls of MICROSAN
- Rub hands to produce a rich lather. Rub foam all over the hands including the nails
- Rinse hands thoroughly with potable water and dry. MICROSAN will quickly float away dirt and grime.

Agar Cleaning Systems maintains Material Safety Data Sheets (MSDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective MSDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
