

What is Renegade?

RENEGADE is a powerful degreaser and cleaner for removal of fat, dirt, oils and grease from hard surfaces. It is very versatile and is used to clean workshops, kitchens, buildings, infrastructure, car parks and factories.

Key Benefits

- ✓ Attacks dirt quickly and reduces the need for scrubbing
- ✓ Thousands of uses wherever you find dirt, oil and grease
- ✓ Low Foaming

How Does It Work?

RENEGADE is an alkaline water-based solvent cleaner suitable for use on all washable surfaces.

This concentrated detergent:

- Rapidly loosens dirt and soot allowing it to be washed away
- Is very versatile and excels in a variety of cleaning tasks
- Contains caustic, solvents and surfactants for vigorous attack of fats and oils

For Use On...

RENEGADE removes the toughest dirt, mud, oil films, grease, grime and soot from floors, equipment, benches, machinery, painted walls and vehicle bodies.

RENEGADE cleans workshop, carpark and garage floors brilliantly. It dissolves engine oil spills. It is suitable for cleaning walls, ceilings, floors, sinks, cupboards, baths, showers, car and truck engine bays, stainless steel, glass, porcelain, bricks and concrete.

RENEGADE is great for cleaning painted surfaces in preparation for re-painting. *Not for use on aluminium.*

RENEGADE may be used in mop buckets, autoscrubbers and steam cleaners, as well as by spray-and-wipe.

Technical Data

Properties

COLOUR – Transparent Red Orange Liquid
 ODOUR – Slight solvent odour
 pH = 12.5 – 13.0 (1:60) 13.0 – 14.0 (Neat)
 FOAM – Medium foam of low stability

Dangerous Goods Classification

RENEGADE is a Class 8 corrosive liquid

UN No: 1760	CLASS: 8
PACK GROUP: III	HAZCHEM: 2X

Environmental Care

RENEGADE conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. RENEGADE is non-flammable and biodegradable. Containers are recycled wherever possible. RENEGADE containers will be cleaned and reused if returned to Agar Cleaning Systems, significantly reducing plastic usage and waste. They can also be recycled.

Colour Coding

Product identification is made easy with the Agar Colour Coding system. We have 11 different categories of product that are identified by colour and

number. The product itself has this colour. Also, the colour and number are shown:

1. On the bottle label as supplied.
2. On the matching Dispenser Spray Bottle.
3. On the product chart for Colour Coded Cleaning

This system has benefits of reducing the chance of using the wrong product, making compliance and staff training easy, showing that the correct products are being used and providing information about usage, dilution and first aid.

Product	Code Colour	Code Number	Type
RENEGADE	Orange	7	Heavy Duty Detergents

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996 SAI Certificate No.: QEC7358

Product Data Sheet

Product Code: RENN

Issued: November 20, 2025

Application

LIGHT SOILAGE:

Dilute to 1 in 60 with water.

HEAVY SOILAGE:

Dilute to 1 in 4 with water. This is ideal for cleaning ovens, BBQ's, walls, dirty paintwork and machinery.

ENGINE OIL SPILLS:

Dilute to 1 in 3 with water.

SCRUBBING FLOORS:

Dilute to 1 in 50 with water.

SPRAY AND WIPE CLEANING:

Dilute to 1 in 4 with water.

VEHICLES:

When using RENEGADE on vehicles ensure to rinse the solution off the paintwork and metal surfaces before it dries out.

Apply the RENEGADE solution using a spray, mop or sponge and scrub lightly, then rinse off or wipe clean using running water, a mop or a damp cloth.

Disposal Information

1. Used solutions

Used Solutions of RENEGADE should be poured into a drain or trough that leads to the sewer system or a septic tank. These systems have a method for treating and breaking down the waste. Used solutions of detergent should not be poured into stormwater drains or down driveways as these drains are designed for rainwater and ultimately lead to the local river system.

2. Unused product

It is best to keep the product and use it up! If this is not possible, try to give it to someone who can use it. (Make sure the product is in its original, labelled container).

If there is no alternative but disposal, it is safe to pour modest quantities of this product down the drain (to sewer) with running water. Leave the cold tap running for a few moments afterwards as this dilutes the product and reduces the concentration in the wastewater.

Remember, do not mix different cleaning products together during disposal!

3. Empty packaging

Bottles and drums

Our 5L and 20L bottles and drums are made from HDPE (polyethylene) or PET which can be recycled. You can dispose of these containers via the kerbside collection program or other recycling system. RENEGADE containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd, significantly reducing plastic usage and waste.

Cardboard cartons

Used boxes should be flattened and recycled in OCC (old, corrugated cardboard) or mixed wastepaper recycling programs.

Available in: 5L, 20L

Dispensing Accessories:

500ml Spray Bottle – Code D07A

Trigger 500ml Bottle Plain Blue/White – Code DTR

Hand Pump for 5L Bottle (30ml/Stroke) – Code DHP30

Hand Pump for 20L Drum (30ml/stroke) – Code DHP20

Tap in Cap 5L – Code DTC5

20L Drum Tap – Code DTAP

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
